

Alabama Prescription Drug Monitoring Program (PDMP) Grant Activities

Jamey Durham, M.B.A., Bureau Director
Bureau of Prevention, Promotion, and Support
Alabama Department of Public Health

Grant Activities

- ▶ Educate Users and Improve Collaboration:
 - Develop training videos for specific user groups.
 - Host live conferences throughout the state that focus on PDMP training and opioid prescribing.
 - Develop public service announcements.
- 

Grant Activities

- ▶ Increase Utilization of PDMP:
 - Increase electronic health record and pharmacy management system integration.
 - Determine additional reports needed by regulatory boards to monitor prescribing and dispensing behavior of their licensees.
 - Determine what additional reports are needed by prescribers and dispensers to improve clinical decisions.
- 

Grant Activities

▶ Ensure Data Integrity:

- Develop processes and reports to ensure dispensers are reporting accurately and timely.
- Determine common reporting errors made by dispensers and provide education and training.

Grant Activities

- ▶ Analyze De-identified Data:
 - Request, collect, and analyze PDMP data as approved by the Information Release Review Committee.
